

NYS Department of Health

The NYS Department of Health (NYSDOH) guidance 1/14/22 clarified guidance on:

- **Quarantine (required if exposed to COVID-19 positive person)**
- **Isolation (required if symptomatic awaiting test results or test positive for COVID-19)**

Test to Stay

Permits an asymptomatic unvaccinated school based close contact to attend school if the following are met:

- Have a negative test (NAAT or antigen) 3 times in the 7-day period following exposure.
- Quarantined for all other activities including extracurricular school activities

Diagnostic and Screening Tests

NYSDOH Commissioner's Determination on COVID-19 Testing Pursuant to 10 NYCRR 2.62 released 12/8/21

Requires*:

- **Weekly screening COVID-19 testing of unvaccinated school staff.**
- **Provide COVID-**

NYSDOH COVID-19 Test Kits for school- based testing

[schooltestdistribution@
exec.ny.gov.](mailto:schooltestdistribution@exec.ny.gov)
