McREL's
teacher evaluation system

CUES framework

Rating Conversion

CUES was written with five categories:

- Distinguished
- Accomplished
- Proficient
- Developing
- Not Demonstrated

CUES is designed to work, however, in 5-level or 4-level systems. It converts as follows:

4. Highly Effective = Distinguished
3. Effective = Accomplished
2. Effective also = Proficient
1. Developing = Developing
0. Ineffective = Not demonstrated
