SUBJECT: Dates for the January 2023, June 2023, and August 2023
Regents Examination Periods

The dates for the January, June, and August 2023 Regents Examination periods are being provided at this time to assist schools and districts with developing their local school calendars for the 2022-23 school year. We very much appreciate all the input from superintendents and other school and district leaders that enabled us to arrive at these final dates.

The Regents Examination periods are determined with the following factors taken into consideration: The January examination period is four days, and is scheduled close to the end of the month. The June 2023 examination period is eight days, scheduled close to the end of the month but allowing at least two weekdays in June after the examination period ends. The August examination period is two days, and is scheduled to allow for a 30-day summer school session ending with the examinations.

Specific examination schedules for these three examination periods will be provided near the end of this school year. Prior to finalizing the schedules, we will be providing drafts and asking for
