

State Budget Reporting and Foundation Aid Survey - Budget Reporting**Background/Instructions**

Page Last Modified: 06/27/2022

Background and Instructions**Background**

Section 9-a of part A of chapter 56 of the laws of 2021, as amended by §5-a of part A of chapter 56 of the laws of 2022 requires, on or before July 1, 2022, every local educational agency (LEA) receiving funding from the Elementary and Secondary School Emergency Relief (ESSER) funding from the American Rescue Plan (ARP) act of 2021 to post on its website and submit to the New York State Education Department (NYSED) an updated plan of how such funds will be expended and how the LEA will prioritize spending on non-recurring expenses as defined in section 9-a(1) of part A of chapter 56 of the laws of 2021. This updated plan must include:

- An analysis of public comment;
- Goals and ratios for pupil support;
- Detailed summaries of Investments in current year activities; and
- Balance of funds spent in priority areas.

In addition, Section 10-d of part A of chapter 56 of the laws of 2021, as amended by §5-b of part A of chapter 56 of the laws of 2022, requires school districts receiving a foundation aid increase of more than 10% or \$10,000,000 must create plans on how these funds will be used to address student performance and need. These plans must be completed, submitted to the department, and posted to district websites prior to July 1 of 2021, 2022, and 2023. Each district subject to this requirement is required to:

- Seek public comment from parents, teachers, and other stakeholders;
- Take public comments into account in the development of the plan;
- Include an analysis of public comments within the plan;
- Describe in the plan how the foundation aid increase will be used, including portions of the increase used to address any of seven listed areas;
- Post the plan on the district website; and
- Submit the plan to the State Education Department in a form prescribed by the Department to be posted publicly.

The list of school districts that are required to submit a plan aligned with the increase in foundation aid may be found in the "Foundation Aid and ARP Plan Notification Guidance" memo located in the *Documents* library at the lower left of the application. It should be noted that this requirement does not obligate districts to spend additional foundation aid funds in specific ways, but does require district seek public comment and share plans on how they intend to spend these additional funds. Plans are required to cover only the foundation aid *increase*. The plan should *not* cover how the district intends to use its *entire* foundation aid amount. Describe in the plan how the foundation aid increase will be used, including portions of the increase used to address any of the following seven areas:

- Increasing graduation rates and eliminating the achievement gap;
- Reducing class sizes;
- Providing supports for students who are not meeting, or at risk of not meeting, state learning standards in core academic subject areas;
- Addressing student social-emotional health;
- Providing adequate resources to English language learners, students with disabilities; and students experiencing homelessness;
- Goals and ratios for pupil support; and
- Detailed summaries of investments in current year initiatives and balance of funds spent in priority areas.

Instructions

The *State Budget Reporting and Foundation Aid Survey* is due by July 1, 2022.

LEAs must complete all sections and are required to answer questions marked with a red asterisk. If a required question has not been completed, the business

	instruction will be provided by increasing the number of teaching assistants in classrooms where students are struggling with Math and ELA concepts. Teams will identify at risk students in these subgroups and will make daily connections with these students. They will be trained in TCIS (Therapeutic Crisis Intervention for Schools) to provide crisis intervention for each building. All teachers will be trained with the Poverty Simulation Program to immerse them in the understanding student's in crisis. AIS support will be scheduled to allow more time on task for these subgroups.		

2. Please use the chart below to describe 'Other' priority areas not otherwise addressed in Item #1. Click on "Add Row" as applicable for additional priority areas.

3. Please describe your analysis of public comment from parents, teachers, and other stakeholders on the plan. This analysis should include the approach to outreach that was implemented and common recommendations or suggestions. For recommendations not reflected in the plan above, what limitations or rationale led to the decision to not include? (250 words or less)

The district used several avenues in order to engage a diverse representation of stakeholders while looking at the additional Foundation Aid in conjunction with the ESSA & ARP funding. The district sent out a survey to the school community and posted it on the website. The district received over a significant number of responses. Another survey was sent out specific to this additional funding for the current year. Of the responses received, the majority of the stakeholders wanted to continue support for SEL for families and students.

American Rescue Plan (ARP) Spending Plan Reporting

1. Have you made changes to your approved ARP - ESSER application?

- YES, the LEA has made changes to your approved ARP ESSER application.
- NO, the LEA has not made changes to your approved ARP ESSER application.

2. Please provide an analysis of public comment for the updated American Rescue Plan (ARP) - Elementary and Secondary School Emergency Relief (ESSER) funding.

The district did not update the ARP plan for this year. The professional salaries and activities will continue as planned. A survey was conducted and sent out to all stakeholders by posting it to our district website. Social media was used along with ParentSquare messaging to alert the community of the survey posted. The public survey responses aligned with the district continuing the current programming by working with added academic support for both students and parent learning and also the continued social emotional support for students and families.

3. Please provide a description of program goals and per pupil teacher ratios for priorities supported by ARP - ESSER funding. Click on "Add Row" as needed to include additional program goals.

Program Goals	Per Pupil Teacher Ratios (# : #)
Summer School- Summer school programming will run for 6 weeks, K-12. The K-8 program will focus on ELA/Math and SEL. The program will be monitored for growth using I-Ready. 9-12 will use summer programming for credit recovery in subjects aligned to the current school year. There is professional development for teachers at the start of the program and aligned to the I-Ready platform.	70:250
